

WHEN WILL YOU BE ELIGIBLE TO GET VACCINATED:

Updated on May 25, 2021

How does California's vaccination plan work? Who is currently eligible?

California is currently prioritizing the following groups of people for vaccinations:

- Healthcare workers
- Long-term care residents
- Individuals age 65 and older
- Those at risk of exposure in the following sectors:
 - Education and childcare
 - Emergency services
 - Food and agriculture
- People with the following severe health conditions:
 - Cancer, current with weakened immune system
 - Chronic kidney disease, stage 4 or above
 - Chronic pulmonary disease, oxygen dependent
 - Down syndrome
 - Solid organ transplant, leading to a weakened immune system
 - Pregnancy
 - Sickle cell disease
 - Heart conditions, such as heart failure, coronary artery disease, or cardiomyopathies (but not hypertension)
 - Severe obesity (Body Mass Index ≥ 40 kg/m²)
 - Type 2 diabetes mellitus with hemoglobin A1c level greater than 7.5%
- Individuals with developmental or other severe disabilities if:
 - The individual is likely to develop severe life-threatening illness or death from COVID-19 infection
 - Acquiring COVID-19 will limit the individual's ability to get ongoing care or services vital to their well-being and survival
 - Providing adequate and timely COVID care will be particularly challenging as a result of the individual's disability.
- Individuals who live or work in congregate living spaces (like nursing homes, homeless shelters and behavioral health facilities)
- Public transportation and airport/airline workers

On **April 1, 2021**, all individuals age **50 and older** will be eligible for vaccination.

On **April 15, 2021**, all individuals age **16 and older** will be eligible for vaccination.

The real estate sector isn't explicitly included on this chart. Since real estate is an essential service, will REALTORS® get priority in getting vaccinated?

At this time, no, REALTORS® are not prioritized. It is not certain whether real estate professionals (or a subset, such as on-site property managers) will have vaccination priority due to their profession. C.A.R. is monitoring developments in this area.

I don't see myself on this chart. When will I get vaccinated?

All individuals age 16 and older will be eligible for vaccination beginning on April 15, 2021.

I'm eligible. How do I sign up to get vaccinated?

You can make an appointment online using California's My Turn website (myturn.ca.gov).

For more information on how vaccinations are proceeding in your specific county, check with your local public health department:
